88 Years of Support and Community

Past Alliance presidents and our current president gathered at the Annual Membership Meeting.

Physician families connecting to create a healthier Sonoma County by improving the lives of those in need

We invite you to join The Sonoma County Medical Association Alliance Foundation. (The Alliance). Since 1929, the Alliance has been connecting physician families socially and philanthropically.

SUPPORT AND BELONGING

The Alliance is different from other non-profits because we share the common bond of being

physician families. When you join, you become part of a group that understands the unique experience of being a physician's life partner. Our members know the stress of call nights, and that days off and "weekends" are two different things. We also understand the ups and downs of doctor's lives and the challenges that lie therein.

As a new member in the Alliance, you're connected to a county-wide medical community made up of families of physicians in diverse specialties, different practice locations, and at different stages of family life. Young parents, people at the height of their professions and active retirees make up our membership.

A UNIQUE FIT

The Alliance offers benefits to both new Sonoma County residents, and those who've lived here for years. You'll find yourself amongst other people who really "get" what it's like to have a physician as a life partner. You'll also find others as passionate and dedicated as you are about improving the lives of those in need.

PARTICIPATE AT YOUR LEVEL

As a new member, you're encouraged to learn about us through our social events and activities. You'll be regularly informed about events and

opportunities through our website (scmaa.org), newsletter and other social media. And, if you decide to volunteer, you'll be surprised at how easy it is to jump in. From Board Members to committee chairs, the men and women who lead the Alliance are professional, organized and enthusiastic.

ALL VOLUNTEER – ALL THE TIME

Our members bring a variety of professional and social skills to the table and our low administrative overhead is a benefit to donors and members alike. The Alliance is a great place to learn about leadership, event planning, and marketing. Some members have made careers from the skills they learned here.

WE'RE HERE FOR YOU

You can join the Alliance by visiting us online at scmaa.org. Our website is also a great place to find out more about what we do for the community and what we can do for you.
