Kathleen Cortez | Safe Schools Program Chair

OUR MISSION

We are an all-volunteer organization dedicated to the promotion of health in Sonoma County through education, community service programs, fundraising and advocacy.

Thank you for your support.

Sonoma County Medical Association Alliance Foundation
P.O. Box 1388, Santa Rosa, CA 95402
The Foundation is a 501(c)3 non-profit organization
Tax ID#02-0542304

We are so Thankful for YOU!

The secret formula for our success all comes back to YOU. Our donors, sponsors, volunteers, program participants, grant recipients, community partners, and loyal supporters all help us make achieving our mission of promoting health in Sonoma County possible.

We are so happy to report that in our 85th year, we have accomplished new highs from the number of students who received anti-bullying education to those who have received scholarships to pursue their health-related careers. Assisting foster children remains a major focus in our organization as we ensure as many kids as possible receive holiday gifts, emergency supplies, and laptop computers to set them up for success in pursuing higher education.

Check out our highlights of the year - we love to share stories about the positive changes we've brought about in Sonoma County! This impact that we're making in the community is impact that you, our supporters and donors, are making, too.

TEDDY BEARS PROJECT

{By touching the hearts of children who are undergoing medical procedures in our area hospitals, our Teddy Bears with a bright red Alliance ribbons also help alleviate anxiety.}

This year we had the pleasure of working with some fantastic students from the Analy High School Interact Club in Sebastopol and Cardinal Newman High School in Santa Rosa as we completed the Teddy Bears Project. With 200 stuffed teddy bears to prepare, these students took on the task of tying a lovely red ribbon and cheerful note on each one enthusiastically. Sutter Santa Rosa Regional Hospital and St. Joseph Memorial Hospital in Santa Rosa received these wonderful bears. Hospital staff relay that the bears provide just the right kind of cuddly comfort to help their young patients feel a little more at ease while they are in the Emergency Department or Pediatric Surgery area. Even when children are back home again, parents describe the special bond that developed and how the bear continues to give their children comfort. ***In the next year, we are on track to increase the number of bears distributed to even more area hospitals.***

GIVE-A-GIFT PROGRAM

{In addition to providing holiday gifts to foster children in Sonoma County, this program also supports college-bound foster youth by providing them with laptop computers.}

SUPPORTING THE BELIEF THAT “EDUCATION MATTERS”

Supporting foster youth in our community continues to be one of the most worthwhile decisions the Alliance has made. The donation of laptop computers has been successful in encouraging the concept of continuing education.

Last year the Give-a-Gift program launched a new initiative to support the *Seawolf Scholars Foster Youth Program* at Sonoma State University (SSU). This is the first-ever foster youth support program at Sonoma State. The Alliance donated computers to be used in a rental program established for their students. We have also played an advisory role with the coordinator of this program, Danielle Hansen. Ms. Hansen states, “Being disconnected from resources should not be what keeps foster youth from success. These programs work, which is why people fund them and most campuses in California have them.”

“Getting to college is the biggest challenge for former foster youth, but it’s not smooth sailing after that. Financial challenges, for example, can have a different sense of urgency. When you’re out of money, you’re out of money - these students don’t have parents to fall back on in hard times”, describes Ms. Hansen.

The laptops donated were constantly utilized and we were thrilled to contribute to a resource put to such good use. Supporting programs such as *Seawolf Scholars* help foster youth succeed on their college pathway ultimately helping improve college completion outcomes.

In the next year: we look forward to helping these students who got to college ... stay in college! Plans are in place for deepening our impact with additional resources such as textbook funding for financial assistance. Impacting children during the holidays remains a constant priority with plans to provide even more winter coats and emergency supplies.

SAFE SCHOOLS PROGRAM

{Grants are made available to elementary, middle and high schools throughout Sonoma County for the purchase of anti-bullying and violence prevention curriculum.}

GRANTS ALLOW STUDENTS TO EXPERIENCE GREATER UNDERSTANDING OF BULLYING AND HOW TO STOP IT

Now in its 13th year, the Alliance is honored to work in partnership with the Sonoma County Office of Education to grant funding requests for the purchase of evidence-based anti-bullying curriculum. While not all requests were able to be funded, the following schools were awarded: Mattie Washburn Elementary School (Windsor), Santa Rosa Accelerated Charter School (Santa Rosa), Cinnabar School (Petaluma), Santa Rosa Middle School (Santa Rosa), Petaluma Junior High School (Petaluma), Comstock Middle School (Santa Rosa), and Rincon Valley Middle School (Santa Rosa).

In the next year: we hope to promote our program more widely with our sights set on not just raising more funding, but also hitting the radio airwaves!

JOURNEYSAFE

{Distracted driving educational presentations are made in partnership with California Highway Patrol Officer Jon Sloat at public and private high schools in Sonoma County.}

ENCOURAGING STUDENTS TO SPEAK UP WHEN FACED WITH DISTRACTED DRIVING SITUATIONS

JourneySafe assemblies successfully reached over 8,000 Sonoma County high school students in thirteen schools. By providing sobering information and backing it up in real terms with a Highway Patrol Officer, our newest drivers are influenced to make both their behind-the-wheel and passenger experiences safe for everyone in the vehicle. Ms. Ellie Dwight, from Sonoma Academy describes, “...the most valuable was how “human”, accessible, and down-to-earth Jon Sloat was - I think he was able to deliver a lot of important content and reach the kids with all of his stories. A gem!”. *In the next year: we will extend our reach to engage more high schools. Officer Sloat says, “The more education, the better” and we agree.*

HEALTH CAREERS SCHOLARSHIP

{In collaboration with the Sonoma County Medical Association, the Alliance provides scholarships to Sonoma County students who are pursuing health-related careers.}

STUDENT HIGHLIGHTS *(pictured above)*

Christina Gallerani's educational journey will be taking her to Harvard University this coming year to complete a Masters degree in Public Health. She will be returning to UC Davis Medical School afterwards for her 4th year. Christina intends to become a Primary Care Physician. Visit scmaa.org to hear her describe some of the challenges she has faced in pursuing her education and how this scholarship has made an impact.

Mark Goitum has been on a very long road to get his RN and has been able to rise above tremendous odds in the process. He is happy to report that he will be able to retake a required class at Santa Rosa Junior College this year and plans to graduate in May 2016. He hopes to enter the Nursing program at Sonoma State University in the fall of 2016.

Selomie Mebrahtu is a remarkably mature and intelligent young lady. During high school she distinguished herself by volunteering in medical settings while managing to maintain excellent grades. Graduating in the top 5% of her class is quite an accomplishment - we wish her continued success as she pursues her undergraduate education.

Jennifer Vargas has certainly applied herself during her four years of high school graduating third in a class of 257 students. Her desire to be a Physical Therapist is based on experience and her goal seems realistic. UC Davis will enable her to have the basics that she will need in order to pursue a Doctorate degree in this field.

CONGRATULATIONS TO THE 2014-2015 HEALTH CAREERS SCHOLARSHIP RECIPIENTS

Graduate Reapplicants: Christina Gallerani, Sahar Rosenblum

New Graduate Applicants: Michael Dessel, Kimberly Hower

Undergraduate Reapplicants: Daniel Chojnacki, Carlos Pineda

New Undergraduate Applicants: Molly Fuhrman, Mark Goitum, Vanessa Nava

High School Senior Students: Edgar A. Garcia-Mora, Emma Longmire, Selomie Mebrahtu, Jennifer Vargas

Looking forward: There's an exciting milestone to celebrate!

50th Anniversary of the Holiday Greeting Card

Started in 1965, this wonderful fundraiser for the Health Careers Scholarship has stood the test of time and is as relevant today as it was 50 years ago. With more Sonoma County students working hard to become healthcare professionals, we want to show them that this community understands and supports their efforts. Stay tuned for more information & visit scmaa.org for the latest!

GIVING BY PROGRAM (FY2014-15) \$77,564
